SODA ASH LIGHT

Chemical formula – Na_2CO_3

Appearance – White Crystalline Powder

Quality soda ash in the CIS countries is determined by the requirements
GOST 5100-85: (HS CODE 2836200000)

Product characteristics

INDEX		
01	Appearance	White crystalline powder
02	Content in % Na_2CO_3 not less than	99.2
03	Chlorides in terms of NaCl no more	0.5
04	Mass fraction of iron in terms of Fe_2O_3 , no more than	0.003
05	The rest of substances insoluble in water, no more than	0.04
06	Mass fraction of sulfates in terms of Na_2SO_4 , no more than	0.05
07	Loss on ignition at 270-300oC, no more than	0.8
